

Chemistry Department

Knock off the full-year sequence of Principles of Chemistry in just 10 weeks by taking the courses over the summer session. Seats are still available in the following sections.

Summer Session I (June 1 - July 1)

CHEM 1061-01	Lecture	MTWH	8:00 am - 10:20 am
CHEM 1061-12	Lab	M	1:35 pm - 4:30 pm
		W	10:30 am - 4:30 pm

Summer Session II (July 6 - August 6)

CHEM 1062-01	Lecture	MTWH	8:00 am - 10:10 am
CHEM 1062-12	Lab	M	1:10 pm - 3:50 pm
		W	10:20 am - 3:50 pm

For more info, contact: Patty.Pieper@AnokaRamsey.edu, Andrew.Aspaas@AnokaRamsey.edu

Course Descriptions:

A two-semester sequence for students majoring in science and engineering, or studying for careers in allied health professions such as medicine, pharmacy, or chiropractic.

1061: Topics include measurement, atoms, molecules, ions, nomenclature, reactions, chemical calculations, gases, thermochemistry, quantum theory, periodicity, bonding, and molecular geometry.

1062: Topics include organic chemistry, intermolecular forces, liquids, solids, colligative properties, kinetics, equilibria, acids and bases, solubility equilibria, thermodynamics, oxidation-reduction, and electrochemistry.

4 credits each session
