

Pre-visit Checklist

DURING THE WEEK

- _____ Each persons' responsibilities have been defined.
- _____ Explanations and visual aids have been prepared for each demonstration.
- _____ If you are planning on doing marshmallows, you need to obtain a metal bowl and spoon from home.
- _____ The address for the school has been determined. The driver **knows the route** from Anoka-Ramsey to the school and the time it should take to get there.
- _____ Provisions have been made to **discuss safety**.

BEFORE YOU LEAVE

- _____ All chemicals have been prepared (including filling test tubes with CO₂, O₂, and H₂).
- _____ All glassware and apparatus have been packed.
- _____ All "perishables" have been obtained (liquid N₂, bananas, flowers, marshmallows, red cabbage, lemon juice).
- _____ Safety glasses have been obtained for all members and any volunteers.
- _____ An evaluation and a letter to the teacher are prepared to be delivered.
- _____ You are ready to have fun!
