¹ Math prerequisite can be met with the appropriate score on the math placement test

² Prerequisite can be taken concurrently.

³ While every effort is made to offer courses in the semester(s) indicated, Anoka-Ramsey cannot guarantee this.

⁴ Course is required for admission to the College of Science and Engineering

⁵ Course is required for admission to the Chemical Engineering Major

Anoka-Ramsey General Education Courses

The Minnesota Transfer Curriculum (MnTC) helps students transfer their general education courses from two-year to four-year colleges and universities. Several of the required math and science courses fulfill MnTC goal areas. For more information on the MnTC, go to the following website: <http://www.anokaramsey.edu/resources/transfer/mntc/>

Admission to the University of Minnesota Chemical Engineering Program

By completing the courses listed in the transfer table that are required for admission to the College of Science and Engineering, you will transfer directly into the College of Science and Engineering at the University of Minnesota. Anoka-Ramsey does not offer all of the courses required for direct admission into the Chemical Engineering Major. In addition to the courses listed in the transfer table for admission to the Chemical Engineering major, you will also need to complete CHEN 2001 at the University of Minnesota before being admitted to the Chemical Engineering Major.
